

COURSES HELD AT FROMM READING BRANCH TECHNOLOGY CENTER:

CLICK ON A COURSE DESCRIPTION FOR MORE INFORMATION

STUDIO 5000 LOGIX DESIGNER LEVEL 1: CONTROLLOGIX SYSTEM FUNDAMENTALS

June 11-12 (2 Days) | RSVP by May 20

After completing this course, you should be able to perform basic ControlLogix and Studio 5000 Logix Designer™ tasks, such as creating and configuring a project and communicating with a controller.

COURSE CCP146 | \$1,499

STUDIO 5000 LOGIX DESIGNER LEVEL 2: BASIC LADDER LOGIC PROGRAMMING

June 13-14 (2 Days) | RSVP by May 20

After completing this course, you should be able to program basic ladder logic instructions for Logix5000™ controllers. This is a skill-building course that provides you with the resources and hands-on practice required to complete this objective.

COURSE CCP151 | \$1,499

FACTORYTALK VIEW ME & PANELVIEW PLUS MAINTENANCE AND TROUBLESHOOTING

July 9-10 (2 Days) | RSVP by June 17

This course provides you with the skills necessary to maintain and troubleshoot FactoryTalk® View Machine Edition (ME) applications that run on PanelView™ Plus terminals.

COURSE CCV209 | \$1,499

POWERFLEX 525 STARTUP AND CONFIGURATION

July 16 (1 Day) | RSVP by June 24

Upon completion of this course, given a wired PowerFlex® 525 drive and AC motor, you will be able to properly start up the drive and configure drive parameters to meet application-specific needs.

COURSE CCA185 | \$1,429

MEDIUM VOLTAGE SWITCHGEAR

August 12-16 (5 Days) | RSVP by July 22

This course provides information on the construction, operation, maintenance, and inspection of medium voltage switchgear and circuit breakers.

COURSE EMS-210 | \$2,599

GUARDLOGIX APPLICATION MAINTENANCE & TROUBLESHOOTING & DEVELOPMENT

August 20-22 (3 Days) | RSVP by July 29

Upon completion of this course, you will be able to create a Logix Designer project for a GuardLogix® system. This course will assist you in developing and building a solid foundation with a fundamental knowledge of a GuardLogix system. Upon completion of this course, you should be able to efficiently troubleshoot a previously operational GuardLogix system.

COURSE SAF-LOG101 & SAF-LOG103 | \$1,799

ACCELERATED LOGIX5000 MAINTAINER CERTIFICATE COURSE LEVEL 1

September 9-13 (5 Days) | RSVP by August 19

This accelerated course is for individuals who can quickly learn and apply Logix5000™ concepts, terminology, hardware troubleshooting skills, and interpretation of ladder logic in a Studio 5000 Logix Designer® project. This course prepares you for the Logix5000 Maintainer Certificate Course Level 1 certificate exam, which is included in the course price.

COURSE CCP300 | \$2,599

*Pre-requisites apply. Please contact us for details.
